

Name:

Jigsaw Activity Part 1 - Home Group

Discuss and respond to the following questions based on your assigned concept (make sure to take notes, as you **each** have to present your group's findings). You will have ~15 minutes for this step.

1. As a group, define the concept(s) in your own words.
2. Find one quote from the readings that illustrates how power works through your concept. Explain the quote in your own words.
3. Come up with 2x examples of how power works through the lens of your concept(s) in real life.

Consult:

- the readings
- your notes
- lecture slides
- google
- each other

Jigsaw Activity Part 2 - Experts Group

Instructions:

- Each expert will take ~5 minutes to present their group's findings + Q&A.
- The **expert presenter** should explain: (1) your group's definition/explanation of the key concept; (2) the quote your group selected that illustrates how power works through your concept; and (3) two examples of this key concept playing out in real life.

When other experts are presenting, take notes on this worksheet. **You will submit these completed worksheets for your Exit Ticket.**

<p>INTERPELLATION <i>(Althusser 1971)</i></p> <p>expert's name:</p>	<p>notes:</p>
